

Innovative, Online Tickets Now Available for Yellowstone Bear World

Rexburg, ID May 20, 2009 – Yellowstone Bear World recently went live with their online ticketing system for the 2009 season. Now through October 18th, visitors can save time and purchase their admission and bottle feeding tickets online at www.yellowstonebearworld.com before arriving to the park. Discounts are also available for those who purchase ahead of time; all Adult, Senior and Child admission tickets will be \$1.00 off and a 7 person “Carload” ticket will receive \$5.00 off per ticket selection.

Yellowstone Bear World selected INTERACTIVE TICKETING as their online ticketing provider based on the company’s proven track record in handling streamlined, calendar based order forms. Patrons interested in attending a bottle feeding session at the park can easily select the date and time they plan on attending. Regular admission tickets (Adult, Senior Child and Carload) can also be purchased via a separate order form (since they do not require a specific reservation) and can be used any day during the season.

Because the system takes orders online in “real-time”, park personnel will be regularly updated on how many visitors they can expect on a given day and as a result, provide the best visitor experience possible.

About Yellowstone Bear World
